

In order, to establish a Credit Union of any sort, you have Survey/Applications completed and mailed to the below address. No money is submitted until the CU is approved. We want to establish a Faith Based Credit Union to pool together the great number of Pentecostal, Holiness & Apostolic Organizations. This would be our financial institution, for getting mortgages, car loans and investments. The CU would actually position believers to get out of debt and help churches build and get established. We would leverage against other financial institutions to help the Faith Based Community take control of their communities through business, education and government. So this a Clarion Call to all believers across the United States that we become parts of this move of GOD and prepare to take up the spoils as the Egyptians systems fall.

This Application serves as a survey to identify the level of interest the Faith Based Community has in a Financial Institution that will work in their behalf.

We invite all Organizations located in the United States affiliated with the AWCF to get this form to the families. One form is to be completed by each person/family.

Please mail completed application to:

New Dominion Credit Union
151 Cleburne Parkway, Suite #909
Hiram, Georgia. 30141

FEDERAL CREDIT UNION.

To join the Federal Credit Union and later open your account, please complete the Membership Application form and return it to us.
