(Isaiah 9:6)

For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace.

New Tower of Babel to be Built in Kentucky to Combat Racism and Critical Race Theory. Answers in Genesis (AIG), a fundamentalist organization was the builder of Noah's Ark in Kentucky, all done according to the Biblical dimensions. AIG admits the incongruity of a Bible-oriented organization recreating a Biblical structure whose construction was considered a grave sin as it was built for the glorification of the builders and as an act of rebellion against the Creator. According to AIG, the original Tower of Babel, which remained unfinished, was built in 2242 BCE. On their website they emphasize that their intent is to create a "constant reminder of both God's mercy and His judgment." (israel365news.com 11/17)

As we near the day when Jesus takes His bride from the earth, the evil, lawlessness, diseases, economic crashes, fear, desperation are all increasing in intensity. What peace, what joy, what security we find in Jesus as we submit our will to His and fully trust Him. We face the future not in fear but in joy, knowing that our redemption is near, even at the door. We face our future knowing that Jesus is already there and will walk beside us and hold our hand through whatever may come our way.

It Begins – Merging Vaccine Passports With Implantable Microchips. Things are starting to get really weird. What I am about to share with you sounds very strange, but it is all true. Before I get into it, let me ask you a question. If you could have a vaccine passport permanently embedded into your hand, would you do it? Amazingly, some people in Sweden are willingly doing this to themselves. They are putting microchips that contain their vaccine passport information into their hands, and they are raving about how convenient this is. (pnw.com 12/3)

Mainstream Economists Are Struggling to Hide the Incoming Economic Collapse. If the dollar is devalued too much, whether by endless printing of new money or by relentless inflationary pressures at home, all those overseas dollars will come flooding back into the U.S. The result is an inflationary avalanche, a massive injection of liquidity exactly when it will cause the most trouble. We are now close to this point of no return. (prophecynewswatch.com 12/6)

President Targets Pre-Schools That Don't Teach LGBT Indoc-trination. President Biden's multi-trillion dollar "Build Back Better" is garnering pushback from religious groups as it becomes clear that the benefits slated to help pre-school children come with strings attached: in order to access the federal funding, the daycare programs must include LGBT indoctrination. Seismic Activity on the Rise Across The Planet. Should we be alarmed by all of the seismic

activity that is suddenly happening all over the globe? I don't know if you have noticed, but major earthquakes and earthquake swarms have been

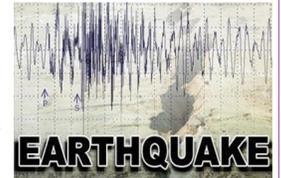

shaking key areas of our planet in recent weeks. (prophecynewswatch.com 12/1)

Nigeria: Muslims Murder Dozens of Christians as U.S. Removes Country From List of Religious Persecutors. Less than a week after the U.S. removal of Nigeria's designation as engaging in or tolerating violations of religious freedom, Fulani herdsmen on Tuesday killed two more Christian farmers in Plateau state, and earlier 38 Christians were slain in Kaduna state, sources said. This is the sad reality Christians have been forced to live with – total carnage and genocide against them. (jihadwatch.com 12/4)

Rioting Preparing The Way For Antichrist?

Endless Looting, Rioting & Civil Unrest Preparing Way for Antichrist? Many Bible prophecy scholars speculate that worldwide anarchy could open the door to civilization crying out for someone to save us from ourselves. Instead of looking to God, society will turn to yet another politician who will offer promises of peace and solutions to the world's problems but instead it will begin one of the most terrible times in all of world history. Riots Rock Europe and Beyond. Riots have erupted in Europe as a reaction to nationwide lockdowns and isolation of the unvaccinated. Riot police in Brussels "were forced to use water cannon and tear gas as peaceful demonstrations turned violent" (*Telegraph*, 11/22). Netherlands police opened fire on a crowd wounding four. Austria, Italy, Croatia, Denmark, and Switzerland also experienced demonstrations by citizens who see these aggressive restrictions as governmental overreach. Germany is debating forced vaccination of all citizens. Slovakia announced a "lockdown for the unvaccinated" (*Euronews*, 11/19). Austria will require all citizens to be vaccinated beginning February 1 (*AP*, 11/22). On France's Caribbean island of Guadeloupe, riots have continued for days and caused road and travel closures across the island (*AP*, 11/21). Analysts warn that Europe has entered a new stage of instability. "Accumulating external threats and internal divisions, coupled with a weakening U.S. security alliance, relentless Russian subversion, and power-hungry China's war on western values are exposing fundamental strategic weaknesses". (*The Guardian*, 11/21) A power vacuum is growing, and some would argue that Europe needs a strong leader if it is

to survive as a union. Bible prophecy foretells a coming time when ten leaders in Europe will give their power over to one strong, single leader. (*Revelation 17:12-13*) This coming union of church and state will then control world commerce for a time. We are watching the continent descend into a type of chaos that will eventually see a temporary reprieve as Europe's prophesied rise comes to pass. (twnews&prophecy.com 11/26)

Australia Builds Covid Camps for 'New Class of Lepers - The Unvaccinated'. Almost two years into the pandemic, Covid measures are increasing beyond any reasonable expectations with quarantine camps in Australia and legally mandated universal vaccinations. (israel365news.com 11/23) The Australian government of the Northern Territories is now using military soldiers and army trucks to forcibly round up indigenous people who have merely been near someone else who tested "positive" for covid. With families being separated at gunpoint, one of the most horrifying predictions we made has now come true: military / medical martial law where innocent civilians are being rounded up at gunpoint and taken to what are essentially covid concentration camps. The government there is using "wastewater" testing (junk science) to declare entire communities are infected and must be imprisoned. This is full-blown ethnic cleansing being carried out in plain view of the world. (naturalnews.com 11/23) The new measures are extreme, reminding some of the country's history of leper colonies. One rabbi sees this as an ungodly determination to replace God. Rabbi Berger

stated "The people who do this have set up science as a god that cannot be questioned and knows no boundaries. They do not acknowledge, do not want to see, that the real master over man's body and soul is God. Two years ago, people who predicted camps and forced inoculations were called conspiracy theorists," Rabbi Berger said. "They were told that such actions would be too extreme, unnecessary and certainly not permitted legally. And here we are, seeing those very things happening. And the people who object are called extreme." (israel365news.com 11/23)

Anarchy in Haiti. "The G9 alliance of gangs has for nearly a month been preventing trucks from reaching the Varreux fuel terminal outside Port-au-Prince, leading to shortages that have forced hospitals, businesses and schools to limit operations" (*Reuters*, 11/12) Canada is removing non-essential personnel from its embassy, and the U.S. recommended last week that its citizens leave Haiti. Anarchy appears to be setting in. The ongoing problems in Haiti are just one more example of the need for Jesus Christ to return as the Savior of this world to bring peace and justice to its troubled peoples. The Great American Rebellion. In 2020, America's doctors, nurses, paramedics and others were celebrated as heroes. One year later, tens of thousands of those same "frontline heroes" are being branded as rebels, conspiracy theorists, and extremists. Their lives have been turned upside down due to their decision not to be injected with the experimental Covid vaccines. Either millions will give in or the entire nation loses perhaps a quarter of its essential workers who are forbidden from work-

Catholic University Portrays George Floyd as Jesus. Students at the Catholic University of America in Washington D.C. were shocked

recently when a painting appeared outside the law school's chapel depicting George Floyd as Jesus. It depicts Mary, the mother of Jesus, portrayed as a black woman, holding up a dying Floyd. The image of Mary

supporting a dying Jesus is iconic in Christian art, most notably Michelangelo Buonarroti's sculpture, "La Pietà" created in 1499. (israel365news.com 11/24)
