## 12 Signs the Tribulation is on Our Doorstep, but First the Rapture!

In spite of the long 2000-year wait, I'm convinced that Jesus' appearing is imminent because of the myriad of signs telling us that the tribulation period is right on our doorstep. I have compiled a list of 12 signs that tell us we are rapidly running out of "normal". If you are weary of waiting and long for the day when you will meet Jesus in the air, I am writing to encourage you; He's coming soon.

### 1. Israel's Miraculous Rebirth as a Nation.

Based on his in-depth study of Daniel and Revelation, Isaac Newton predicted over 250 years ago that Israel would reappear as a nation? He also wrote that Israel would build a third temple once it became a nation. Fulfilling the words of Isaiah 66:8, on May 14, 1948, Israel miraculously became a nation again. Only God could resurrect a nation that had not existed for two thousand years, supernaturally protect it amid countless wars, and bring it to a place of prosperity as it enjoys today.

**2. Third Temple Fever.** Scripture tells us that the antichrist will defile a still future Jewish temple (Daniel 9:27; Matthew 24:15; 2 Thessalonians 2:3-4). The Temple Institute in Jerusalem has spent over thirty years researching and preparing furnishings for the third temple and are currently training Levites to serve as priests in it. With a projected completion date of April, 2023, the Israeli government is building a super-fast train that will run from the Ben Gurion Airport to the temple mount as they expect a great many visitors will visit the new temple.

**3. The Seal Judgments.** Revelation 6 describes the horrors of the seal judgments during tribulation. The death toll from the chaos will be one-fourth of the earth or approximately two billion people. World events today demonstrate just how easily the seal judgments could result in such a high death toll.

**4. Digital Currency.** If people can buy and sell goods on a cash basis, it would be impossible for the antichrist to control commerce in the way that Revelation 13:16-18 predicts. Right now 90% of the central banks are getting ready to switch to digital currency. The Fed in the US

has begun a twelve-week pilot program evaluating the use of a digital dollar. The Central Bank Digital Currency (CBDC) is scheduled to debut in 2023.

**5. Digital Health Passports.** At the November 2022 meeting of G20 nations in Indonesia, the world leaders agreed to implement a "digital health passport" that will begin by tracking everyone's vaccine status and expand from there. This is a necessity for the antichrist's system to instantly recognize whether one truly has his mark on them, and it will.

**6. Mark of the Beast Technology.** Artificial Intelligence (AI) technology and 5G global network makes today unique from any other previous time in history. It will now be possible for antichrist to set the parameters and enforcement of the mark of the beast for all buying and selling, fulfilling Revelation 13:16-18.

**7. Is It Really Human?** How will the coming antichrist exercise the complete control over earth's population as seen in the Scriptures? The answer is transhumanism and robots.

Transhumanism is the combination of humans with machines and it's not only something that the antichrist needs, but it's also a high priority of the WEF and all the many nations that are now committed to its Great Reset.

**8. The Soon Arrival of One-World Governance.** Daniel and Revelation predict that in the last days a worldwide government will exist for a short time; the antichrist will rule over it (Daniel 7:23-25 8:18-26; Revelation 13:1-18). The UN's *Agenda 2030* is all about establishing a global governance by 2030 or sooner. The *Great Reset* of the World Economic Forum is the economic companion of *Agenda 2030* and both groups have united in their push to establish a one-world government.

**9. The Worship of Creation Rather Than the Creator.** In the book of Revelation, we see the presence of a one-world religion under the leadership of the false prophet. In November religious leaders from all over the world gathered in Sharm El Sheikh, Egypt (near Mt. Sinai) and in cities around the world amid the UN COP27

Climate Change Summit. They unveiled what they hope will be the new and improved moral code of the future. After worldwide criticism, the new Ten Commandments were reframed as "Ten Principles of Climate Repentance" in their worship of nature and preservation of their god. Combating climate change has become the religion bringing together many diverse faiths as they worship the creation rather than the Creator.

### 10. When the World Wobbles.

Since 2001, the earth's magnetic north pole has been moving. This shift has speeded up in recent years. (Forbes Magazine) When the pole shift may reach forty degrees is the point at which the north and south poles will swap places. During the tribulation period, the world will wobble (see Isaiah 24:19-20 and Revelation 6:12-17). What many predict will happen at the time of the pole shift matches what these prophetic passages say will happen during the tribulation. It's much more than a coincidence.

### 11. You Don't Really Believe That do You?

2 Peter 3:2-4 and Jude 17-18 says that scoffers will arise in the "last days" that will mock our hope in Jesus' soon return. This time has surely arrived! It's commonplace. Sadly, even believers and leaders of churches have also joined the chorus of naysayers. Don't fall for Satan's lie.

### 12. Perilous Times on Steroids Are Here.

While the characteristics of what Paul lists in 2 Timothy 3:1-5 have always been evident in some ways since the time he wrote, they now define our world just as the apostle said they would in the last days. More than at any previous time, we see these nineteen characteristics abounding throughout the world.

## Around the World!

### UN Votes to Hold Annual Event Memorializing Israel's Founding as a 'Catastrophe.'

In a majority 90 member countries voted in favor of the move with 30 dissenting, and 47 abstaining from the vote, according to the Jerusalem Post. The US and most of the EU came out against the proposal. (prophecynewswatch.com 12/3)

### Worldwide Shadow Government Behind "Elected" Government Officials and Public Health Institutions.

Despite appearing like a Democrat operation, the global vaccine infrastructure we are seeing unfold was actually architected by a hidden shadow government that quietly and in the background pulls the strings of the visible governments we see. And this shadow government has been busy with this for many, many decades. The Rockefeller Foundation, the Bill & Melinda Gates Foundation, UNICEF, the US Center for Disease Control, GAVI, USAID, the World Bank, and many other globalist entities have all been working in tandem to orchestrate this global vaccine regime which is just about

complete. These money-grubbing power brokers also routinely buy off politicians and control their every move – and they do this on both sides of the political aisle. (naturalnews.com 12/2) Bill Clinton stated when he was president, "Sarah, there's a government inside the government and I don't control it.", (minimalistquotes.com/quotes-by/bill-clinton/)

**Starvation in Somalia.** The UN reports one child is admitted to the hospital or clinic for treatment of severe malnutrition every minute of every day, on average (Deutsche Welle, 11/22). In Somalia, where almost half the population "urgently needs food," many cases arriving at the clinics are children in the last stages of starvation and some are beyond doctors' help. Experts blame climate change and Islamist extremists for the increasingly dire situation. Somalia is experiencing its worst drought in 40 years, and over 7 million people need food aid. ### Dutch Govt Plans to Shut Down up to 3,000 Farms to Meet EU Green Goals.

The Dutch government's plans to buy out, and seize if necessary, thousands of farms to shut them down to comply with a EU green agenda

directive has been branded as the "Great Reset in full force". Last week, the globalist government of PM Rutte finally spelled out its plans to cut nitrogen emissions to fall in line with the EU's Natura 2000 program which seeks to stamp out agriculture near supposedly at-risk wildlife regions, starting as soon as April of next year. ### More Professing Atheists & Humanists Legislating Morality From Public Office.

Atheism and humanism are on the rise, as the number of elected members filling state and federal seats who profess no belief in God increase from only five before 2016, to upward of 70 after the most recent election cycle -- a sharp shift from the Judeo-Christian values that have defined America since its founding. ### Canada's Disturbing Glamorization Of 'Assisted Suicide' For Healthy People.

Canada's full-on embrace and glamorization of 'assisted suicide' for physically healthy people is one of the most dire and consequential things happening in the western world right now. (prophecynewswatch.com 12/3)

## Will An Economic Pearl Harbor Destroy America?

On December 7, 1941 Japan sought to destroy the US Pacific Fleet. Now the US is setting itself up for an economic modern-day Pearl Harbor, one from which it will never recover. After the 1973 Yom Kippur War, the OPEC nations punished the US for its support of Israel with an oil embargo which quadrupled oil prices, caused soaring inflation and budget deficits. In 1974 the US brokered a deal to buy oil from Saudi Arabia, defend it militarily, provide aid and equipment and, in return, Saudi Arabia (and the rest of OPEC) agreed to sell oil only in US dollars and use those dollars to buy US debt, effectively supporting both the dollar and US deficit spending. Recently the US-Saudi relationship has started to fray, and now it's all but fallen apart. The petro-dollar system's days are numbered. August, 2021 was a critical turning point. Our botched withdrawal from Afghanistan, leaving Americans and helpers behind enemy lines to fall into the tortuous hands of the Taliban, showed the world that the US was an unreliable partner which could not be trusted by its allies. This event struck a fatal blow to the petro-dollar system. Russia was

quick to capitalize by brokering its own security deal with Saudi Arabia, undermining the petro-dollar and sealing its demise. February 2022. Russia invaded Ukraine. In response, the US and its allies imposed sanctions on Russia, froze Russian assets, and kicked Russian banks out of the international financial messaging system, SWIFT. US actions against Russia made the nations of the world realize what would happen if they ended up on America's "bad list." They now understand the risk of holding too many US treasuries or of being too reliant on an international financial system dominated by the US dollar. The result? These nations are now willing to explore (if not actively seek) an alternative to the dollar. In 2006, Brazil, Russia, India, and China (the BRIC nations) held the first BRIC Summit. In 2010, South Africa joined, and the coalition took on the moniker BRICS. Since then, BRICS has worked to create an alternative to the SWIFT payment system as well as a commodity-backed currency to challenge the US dollar. Today a host of nations have expressed interest in joining the BRICS coalition;

some are major producers of oil and natural gas. They are Nigeria, Iran, Argentina, Algeria, Kazakhstan, Saudi Arabia, and Indonesia. Those nations represent over 50% of the world's population and an even larger share of the world's commodity production. Once the petro-dollar ends, massive amount US dollars will be returned causing extreme inflation or even hyperinflation; a new monetary system will have to take its place. Will it be the new BRICS currency or CBDCs which the world's central banks are now testing? Whatever system is chosen, it will allow antichrist total control over the lives of those left behind. Make no mistake. The tribulation, the antichrist, and global government are part of the world's immediate future. But don't despair, this also means the return of Jesus is part of our immediate future (Revelation 22:20). And His is an everlasting kingdom (Daniel 2:44) with no more death or crying or pain (Revelation 21:4). **So keep your eyes fixed on Him!** ((prophecynewswatch.com 11/28)
