Preparing for Antichrist!

72 Nations Gather and Start by Worshipping the Beast.

The world is being prepped for the Antichrist's debut on the world stage. Antichrist, will use his authority, charisma, and platform of peace to appeal to the majority of those "left behind". Once he is firmly established, he will control with an "iron fist" and the threat of death to rule his short-term kingdom. The opening ceremony of the British Commonwealth Games in Birmingham, UK, July 28, 2022, had many components, but the most disturbing was centered around dozens of worshipers dancing and bowing down to a 30-foot-tall horned bull with red eyes and breathing smoke. Though Birmingham's mascot is a bull this was much more. Often confused with rituals, ceremonies such as this have been used for thousands of years to summon evil demonic beings. Ceremonies revolve around an event or date and usually include atonement and worship rites. In this presentation, the arena was staged with what looked like a ring of lava. Smoke and fire belled from the bull.

Could we Actually See a Palestinian State be Established Within

the Next Year or Two? Just this week, there have been some new developments that have been absolutely stunning. For the first time in ages, both the president of the United States and the prime minister of Israel are openly calling for the creation of a Palestinian state. But just a couple of years ago, it seemed like such a move was extremely unlikely. Donald Trump was in the White House and Benjamin Netanyahu was the prime minister of Israel, and it was clear that a Palestinian state would not happen as long as either one of them was in power.
